

Frontiers Planet Prize Application Form

The Frontiers Planet Prize application form must be filled out by the lead scientist of the research article as put forward by the National Nominating Body.
All fields with * are compulsory

First Name*

Last Name*

Email*

Position*

Institutional affiliation at the time of submitting application to the Frontiers Planet Prize*

Institution or organization that recommended you put your application forward
(if different from above institutional affiliation)

Country*

Title of the peer-reviewed publication*

Journal*

Date of acceptance*
dd/mm/yyyy

DOI*

List of co-authors*

If there are multiple authors who have contributed to the study, please indicate these details here, together with their institutional affiliation and level of contribution. Authors will be recognized by the Frontiers Planet Prize at later stages.

Link to the peer-reviewed publication*

Please attach a PDF of your article when submitting your application

Select 1 or multiple planetary boundaries*

Stratospheric ozone depletion

Freshwater use

Biosphere integrity

Land system change

Novel entities

Biogeochemical flows

Climate change

Atmospheric aerosol loading

Ocean acidification

Key new insight(s) emerging from this research*

(max 1200 characters)

Provide an outlook on how, within 24 months, your results can be implemented in policies, be commercially adapted or otherwise contribute to keep the planet within its planetary boundaries* (max 1200 characters)

Provide a brief personal statement, 'Why my paper should win the Prize' * (max 1200 characters)

By submitting this form, I hereby confirm all the below*

- I am the representative of the group of co- authors who worked on this article, and thus will be recognized as the National or International Champion, should the article be selected nationally or internationally.
- I have provided the Frontiers Research Foundation true, complete and accurate information and have ensured that other individuals/institutions mentioned on the documents have agreed to be mentioned.
- I agree to comply with the rules which the Frontiers Research Foundation adopts to govern any aspect relating to the Frontiers Planet Prize, including Frontiers Research Privacy Policy.
- I agree that all terms and conditions relating to the Frontiers Planet Prize shall be governed by Swiss substantive law, without reference to its conflict of law's provisions. All disputes shall be subject to the jurisdiction of the ordinary courts of Lausanne, Switzerland.

Please complete this form in advanced draft and submit before 4 October 2023 to a.t.j.verhage@bb.leidenuniv.nl to be considered in the internal selection by the rector. The rector will select up to 3 submissions to be nominated to the Frontiers Prize by Leiden University.
